Looking Ahead

Philippians 3:13

Looking back of the the last three years, we have been in 2 different countries and have many new memories. We have become friends with new people. We have met our other team members that are serving throughout Latin America and the Caribbean (LAC). Our time in Costa Rica gave us a glimpse of what our life would be living over seas. Learning a new language and new cultural. Then like everyone navigating through the pandemic and see how things around the world stopped. Moving to Colombia We have been blessed to have the chance to do what we do! So looking back we have along seen how God has planned and open doors for us to be on this journey. It has been an amazing

These past 2 years serving in Colombia has taught us many new things and has opened our eyes to see how we have done ministry and life. One thing we have learned (especially Isaiah) is to not to be so "Time orientated", keeping to tightly to a schedule! You might think, "but that's a good thing". It is a good thing, but living in a culture that isn't all about punctuality, and when given a time to meet or schedule a time , its more of a time slot not the exact minute. We are learning its all about people and conversations are bound by schedules Life happens around us all the time and some times it out of our hands and we can't control what happens, but to just adjust and be open you might be late! Isaiah struggles with that! He is an on time or early person to meeting and appointments! We have learned that you need to focus not on the time scheduled but the time spent with them!

January, February & March

STAYING THE COURSE

We started off the year just like we had left 2022, very busy and doing many events and outreaches! Just thinking back over two years here in Colombia, and how we had no clue what ministry or involvement we would have coming out of the pandemic. What an amazing adventure. WE re so thankful for the doors God opened for us. We have learned so much and have been apart of some amazing ministries and events here over the past 2 year.

January: this month was packed with visiting our fellow missionaries in Popayan with their new Convoy of Hope Building. Speaking at a local church. A Church Planting conference in Cartagena. Heather went to the International Kings Castle Cumbre in El Salvador.

February: Isaiah had to make to trip back to the states to get some paperwork for TaraBeth's visa process. We spoke at a Missions Conference at a local church. The family visited a ChildHope school in Cienega. We helped with our churches Family Day. We packed in between all the different outreaches, appointments and speaking.

AND HAVE FAITH IN WHAT WILL BE"*

March: The final countdown! Starting off the month we were able to do a back pack give away in an indigenous tribe called the Chimilas. We Packed over 250 bookbags to give to two different Chimilas schools. We spoke at a church in Barranquilla. We were asked to open the new Marriage Couple Series on Communications. We attended the MM33 Kids Conference in Santa Marta. We had training to start helping churches to launch Kings Castle Ministry Teams in their churches! We along with two other leaders will be helping those churches that desire a team to do outreach and discipleship.

All of these events in 3 months while packing!
GOD IS SO GOOD!!

Leaving on a HIGH Note

We had amazing past 2 years here in Colombia. We have learned so much about the cultural, we grew in our language learning and built relationships with the local, district, and national churches. We have made friendships and connections living in Santa Marta. Being a part of so many amazing ministries and seeing the areas that we will get to continue in when we return, has us excited and ready to itinerate and get back to Colombia. We have a lot of work ahead of us, when we return to Santa Marta next year!
