

LOVING THE UNLOVED

MATTOCKS FAMILY TO COLOMBIA

Missions Training

3 Weeks of Learning

We just finished a month of Missions training and Renewal in Springfield, MO. In those 3 weeks, we went through Security Training, Mission's Training, Mission's Renewal and our Commissioning Service!

Security Training - We learned to see our surroundings with open eyes, not just at face value. We discussed different scenarios if things go south. We learned how to handle different security threats and how to defend ourselves if ever needed.

Mission's Training - Starting each day with Abiding Time, looking at God's word and letting it pour over our hearts, was refreshing. In the morning sessions, we learned different areas of missions and how we need to be open to the culture that we will be living and ministering in. The afternoon sessions, we took what we learned from the morning and dug deeper to see how this would apply to our area in LAC (*Latin American Caribbean*) and in Colombia. We were able to talk with missionaries that are serving in LAC, seeing how it looks in real life.

Missions Renewal - We met with our fellow missionaries for a time of understanding our goals for our Region. We had the privilege of meeting missionaries that are serving in Colombia and learning what to expect when living in there. We gained so much insight into where we will be serving and hearing about the great things God has done and is still doing in Colombia.

Prayer Needs

- Monthly Support Partners
- Open doors at Churches
- For the area we will be ministering
- Our Missionary team in Colombia
- Local Church in Santa Marta

UPDATE:

MONTHLY SUPPORT

Thank you for all your partnership!
